husky rescue

thursday 4th march
6pm

to celebrate the launch of their beautiful 3rd album 'ship of light'. finland's finest are joining us again to deliver more of their chilled delights with a special, intimate show.

their new album is another fine example of the undeniably scandinavian combination of blissful warmth & detached iciness. they are equally at home writing gorgeous pop songs as they are with more ambient tracks & their warm synthetic pop tones should appeal to fans of everyone from mum to air to efterklang.

they were superb last time so we feel very privileged to have them back in the shop.

"no music on earth distils the nordic experience better than husky rescue" 4/5 - mojo, "the kind of adult pop that air were promising us with their first album, before they were sidetracked" - guardian.
