# the leisure society

wednesday 14th october

6pm - no tickets required - just turn up....

their new t-shirts will be available at the show, as will the extended version of their amazing debut!

to celebrate the newly augmented re-release of their debut album 'the sleeper', nick hemming & crew will be performing right here in the shop, for a 2<sup>nd</sup> time. the brand new version of the album (now with a 2<sup>nd</sup> disc called 'a product of the ego drain' featuring demos, extra tracks & a cover version) will be on sale at the show.

the band form part of the brighton based willkommen collective, sharing members with sons of noel & adrian amongst others. their beautiful, folk tinged, pastoral pop has been soundtracking our summer & they were sensational last time they played here so don't miss out.....

*"the sleeper is wonderful, a peculiarly english strain of americana shot through with longing & a nagging sense of dread." – omm, "disarming debut" 4/5 - mojo*
