to celebrate the release of their brand new album, 'no smoke, no mirrors', the band are popping in to share their unique & loveable brand of indie-pop, acoustic-style.

this quintessential british pop-rock band have song-writing prowess, keen hooks & luscious, textured melodies a plenty. 'no smoke, no mirrors' is the product of a love for making stripped down, joyously crafted pop songs. losing none of the same happy-go-lucky melodies & jaunty pop sensibilities that were present on ever-popular tracks like 'generator', 'two left feet' & 'dancefloor', the spruced up line-up show that they can deliver catchier tunes than ever before.

no doubt this is the smallest venue they will play in the country, so come & make the most of the opportunity to see such an intimate show!
