peggy sue

wednesday 7th april
6pm

they've been around a little while now, as peggy sue & the pirates, peggy sue & the pictures, now finally settling with just good ol' peggy sue. anyhow, these girls (& guy) have finally got round to releasing their sterling debut album 'fossils & other phantoms'.

to celebrate they'll be back in their hometown playing a very special, intimate performance right here in the shop.

the new album is a fantastic showcase for rosa & katy's astonishing vocals & off-beat, modern folk songs which are, in turn, dramatic, romping, old-fashioned, brooding & lyrically intriguing. fans of laura marling, mumford & sons, noah & the whale & the like won't want to miss this.
